

⇒ Start at: <http://maps2.nris.state.mt.us/mapper/> ⇐

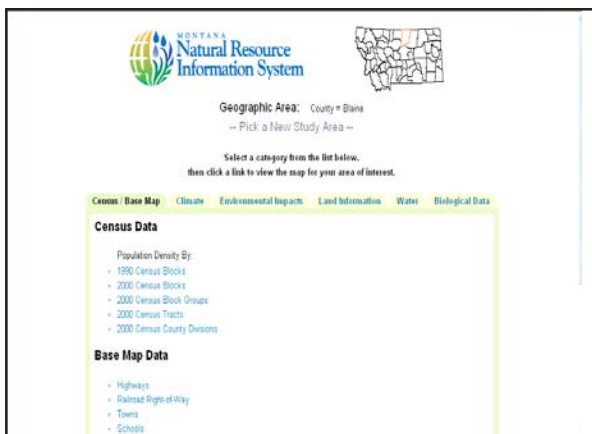

- Select 'County' for the search option

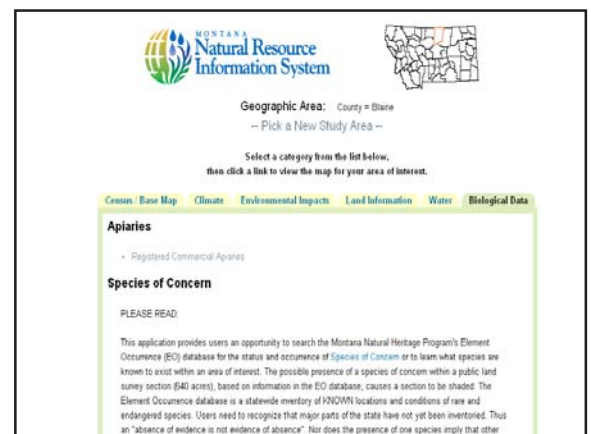

- Choose a County

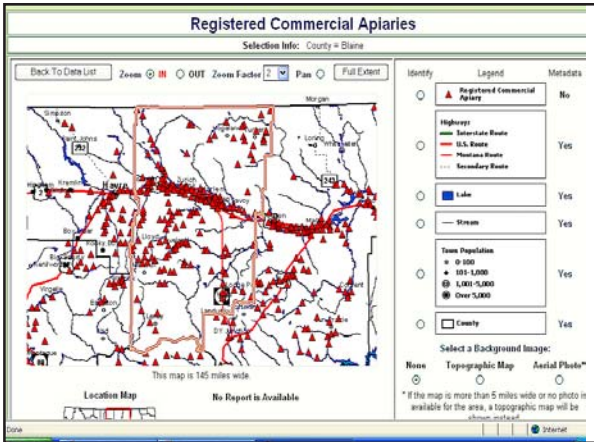

- Choose the 'Biological Data' tab

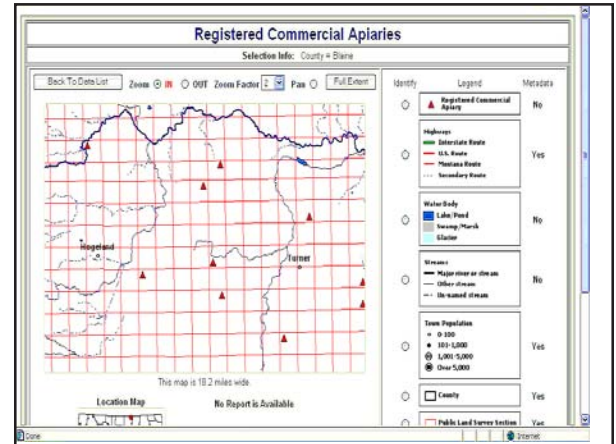

- Click on 'Registered Commercial Apiaries'

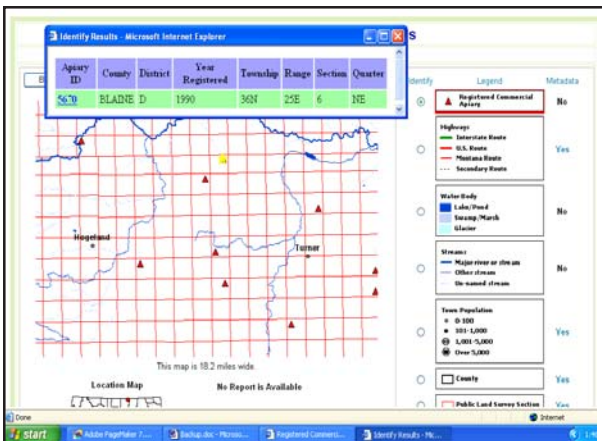

- You will see the chosen County and surrounding areas
- Use the mouse pointer to zoom in to the desired location

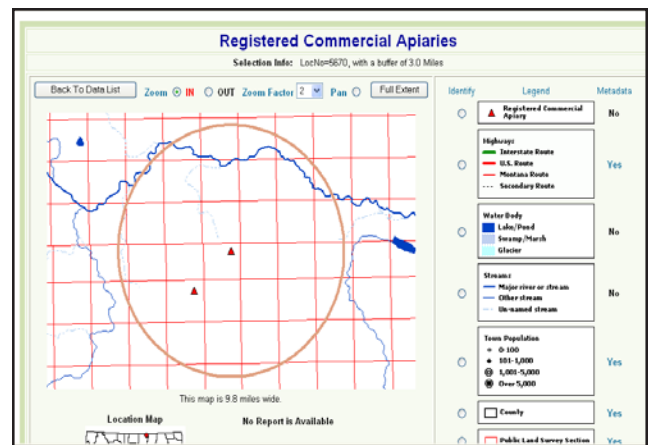

- Click the 'Identify' button next to 'Registered Commercial Apiary' in the legend box
- Click on the desired apiary location on the map

- A box will appear with information about the chosen apiary location
- Click on the 'Apiary ID' number in the box

- A new map will appear showing a three mile radius circle around the chosen location
